Make: (Honda, Toyota, etc.)	Model: (Prius, Civic, Insight)	Dealer:	VIN #

This contract licenses you to park the above vehicle at City of San Jose Parking Facilities (Garages, Lots and Meters) according to the following terms and conditions:

1. The City of San Jose ("City") will issue you a Hybrid Vehicle Permit ("Permit") upon acceptance of this application.
2. You must attach proof of purchase of your Hybrid Vehicle to this application, such as a copy of the bill of sale from a San Jose dealership. Only new vehicles purchased after January 1, 2000 at San Jose dealerships are eligible. Used vehicles are not eligible for this program.
3. Free parking is granted only at on-street parking meters within the City, and off-street parking facilities owned by the City or operated by the City. The permit also allows free parking at the City's Parks and Recreation facilities. At automatic pay machine locations please remember to visit the central cashier office to get your ticket validated before returning to your vehicle.
4. You must adhere to posted time limits at parking meters.
5. You may not park at any of the City's parking garages, lots or Parks for greater than 72 hours in any single instance.
6. You must display your Permit on the rearview mirror of your vehicle facing out. This will allow parking control officers and attendants to distinguish that your vehicle participates in this program. Remove the permit when the vehicle is being operated.
7. This Permit is not transferable to other vehicles. Only the vehicle listed on this application may park for free.
8. In the event that your Permit is lost, damaged or altered, regardless of age, the City will issue you a new permit only upon payment of a ten-dollar (\$10.00) non-refundable replacement fee.
9. In parking garages and lots, you are licensed to park only in those parking spaces designated for regular parking. You cannot park in any reserved parking spaces or spaces set aside for electric-only vehicles (these spaces are for recharging electric vehicles). You must park your vehicle within the two (2) lines designating the parking space and cannot park in such a way as to block entryways or aisles. The City reserves the right to implement attendant assisted operations or valet parking operations during the term of this license.
10. The City is authorized to tow your vehicle, at your expense, if you park in violation of any posted signs or applicable provisions of this license. You agree to indemnify and hold harmless the City and its agents and employees, from all claims of loss and/or damage based upon or resulting from such towing.
11. You agree that you are parking in the parking facility at your own risk and assume all risk of injury, damage, or loss to you and/or your vehicle, whether by theft, attempted theft, fire, vandalism or other cause. You further agree to release and discharge the City and its agents and employees from any such injury, damage or loss.
12. This contract grants only a license to park and not a bailment or any other kind of interest. The City may revoke this license at any time, or discontinue the hybrid vehicle parking program. This program will expire **June 30, 2007**.
13. The City has the right to make such other and further reasonable rules and regulations with regard to your Permit parking privileges. Upon delivery of any such rules and regulations to you in writing, such rules and regulations shall become part of this contract.

BY SIGNING THIS CONTRACT, YOU ACKNOWLEDGE THAT YOU HAVE READ AND UNDERSTAND EACH OF THE ABOVE TERMS AND CONDITIONS. BY SIGNING THIS CONTRACT, YOU FURTHER ACKNOWLEDGE THAT YOU AGREE TO EACH OF THE ABOVE TERMS AND CONDITIONS.
