INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Team San Jose
San Jose, California

We have audited the accompanying financial statements of Team San Jose (the Organization), which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

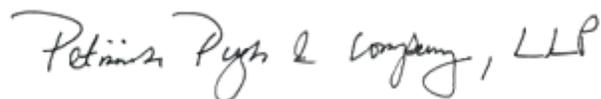

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Team San Jose as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

TEAM SAN JOSE

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Organization: Team San Jose, Inc. was formed in December 2003 in response to a request for proposal by the City of San Jose (the City) for the management and operations of the convention center, which was formerly managed by the City's Department of Convention, Arts and Entertainment. On February 1, 2009, the San Jose Convention & Visitors Bureau and Team San Jose, Inc. merged and now operate under the name Team San Jose (the Organization). The Organization is incorporated as a nonprofit corporation in the state of California to promote San Jose, California as a site for meetings, conventions, trade shows, as a destination for pleasure travel and to manage the convention and cultural services of the San Jose McEnery Convention Center. Under an agreement with the City of San Jose, certain expenditures made by the Organization in connection with its activities are reimbursed by the City of San Jose.

Basis of Presentation: The financial statements are prepared using the accrual basis of accounting and in accordance with ASC Subtopic 958-205, *Presentation of Financial Statements for Not-for-Profit Entities*. Accordingly, the classification of the Organization's net assets and its revenues and expenditures is based on the existence or absence of donor-imposed restrictions. The provisions of this standard require amounts of each of three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in the statement of financial position and the change in each of those classes of net assets be presented in the statement of activities. To date, there have been no permanently or temporarily restricted assets received. Unrestricted net assets represent the portion of expendable funds that are available for support of the Organization's operations.

The Organization has the following categories of unrestricted net assets:

Undesignated Funds: Undesignated funds are the cumulative excess of revenues over expenditures, less current board designated funds and committed funds, since the inception of the Organization.

Board Designated Funds: Board designated funds are unrestricted net assets designated by the Board of Directors as a reserve for unexpected changes in the economy, changes in contracts or specific projects. Effective June 30, 2012, the reserve was changed from the budgeted loss of the following fiscal year plus one month's operating expenses to the minimum of one month's operating expenses. As of June 30, 2012, \$398,945 had been set aside as a specific reserve for use during the year ended June 30, 2013. Similarly, as of June 30, 2013, \$461,864 has been specifically set aside for use for year ending June 30, 2014.

TEAM SAN JOSE

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentration of Credit Risk: Financial instruments which may potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents and accounts receivable. Effective October 3, 2008, the federally insured limit increased from \$100,000 to \$250,000. Certain non-interest bearing accounts have unlimited coverage. The unlimited coverage on non-interest bearing accounts was temporary and remained in effect through December 31, 2012. As of June 30, 2013 and 2012, the Organization had approximately \$1,432,000 and \$1,137,000, respectively, in deposits in excess of the federally insured limit. Risk associated with cash and cash equivalents is mitigated by maintaining deposits with credit worthy financial institutions.

Revenue Recognition: The Organization recognizes revenue from the following sources:

City of San Jose: The Organization receives a majority of its revenues from the City of San Jose. The Organization has an agreement with the City of San Jose effective January 1, 2012 through June 30, 2014. Under the agreement, payments are made to the Organization based upon the budget as approved by the City of San Jose. Revenues are recognized based upon the approved budget over the contract year.

Management and Incentive Fees: Per the agreement with the City of San Jose noted above, the Organization receives two fees (executive management fee and an incentive fee) from the City of San Jose to operate the San Jose McEnery Convention Center. Under the agreement, a fixed management fee is paid to the Organization based upon the budget as approved by the City of San Jose, with additional incentive fees paid based on performance in the prior year. The executive management fee and incentive fees are recorded as revenue and recognized based upon the approved budget evenly over the fiscal year. The executive management fee amounted to \$150,000 during the years ended June 30, 2013 and 2012. The incentive fee amounted to \$350,000 during the year ended June 30, 2012. For the year ended June 30, 2013, the Organization did not qualify to receive an incentive fee.

Convention and Visitors Services: Convention and visitors services revenue include housing and registration services. The revenue is recognized when service is provided.

Membership: Membership fees are recognized as revenue ratably over the period of the membership. Deferred revenues consist of membership dues billed but not recognized as revenue.

Donated Products and Services: The Organization receives various donated products and services in connection with providing services to its members. Donated products and services are recorded at their estimated fair market value. During the fiscal years ended June 30, 2013 and 2012, the Organization received free use of its facilities from the City of San Jose. The Organization has valued the use of the facilities at \$6,928 per month and has recorded it in donated products and services.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash Equivalents: For purposes of the statements of financial position and cash flows, the Organization considers all highly liquid instruments with original maturity of ninety days or less to be cash equivalents.

Investment Securities: The financial statements are prepared in accordance with ASC Subtopic 958-320, *Investments - Debt and Equity Securities Held by Not-for-Profit Entities*. Under ASC Subtopic 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of financial position. Realized gains or losses resulting from the sale of securities are calculated on an adjusted cost basis. Adjusted cost basis for this purpose is the market value of the security at the beginning of the year, or the cost if purchased during the year. Unrealized gains or losses are based on the difference between adjusted cost basis and the market value of the security. Realized and unrealized gains and losses are included in investment return in the statements of activities and changes in net assets. Dividends and interest income are accrued when earned.

Accounts Receivable: The Organization uses the allowance method of accounting for losses arising from uncollectible accounts receivable. Under this method, accounts receivable are written off to allowance for doubtful accounts in the period they are deemed to be uncollectible. An allowance for doubtful accounts is computed based upon historical data and management estimates of uncollectible accounts. The allowance for doubtful accounts was \$144 and \$27,894 as of June 30, 2013 and 2012, respectively.

Property and Equipment: Property and equipment are stated at cost and depreciated over the estimated useful life between three and seven years using the straight-line method. Major repairs or replacements of property and equipment are capitalized. Maintenance, repairs and minor replacements are charged to operations as incurred. For the years ended June 30, 2013 and 2012, depreciation expense was \$5,453 and \$5,510, respectively.

Impairment of Long-Lived Assets: The Organization accounts for impairment of assets in accordance with ASC 360-10-35, *Subsequent Measurement: Impairment or Disposal of Long-Lived Assets*. Under ASC 360-10-35, the Organization reviews long-lived assets for impairment when circumstances indicate the carrying amount of an asset may not be recoverable based on the undiscounted future cash flows of the asset. If the carrying amount of the asset is determined not to be recoverable, a write-down to fair value is recorded. During the years ended June 30, 2013 and 2012, there was no impairment expense recorded.

Income Taxes: The Organization is exempt from taxation on its nonprofit activity under Internal Revenue Code Section 501(c)(6) and California Revenue and Taxation Code Section 23701(e). The Organization is subject to tax on income unrelated to its exempt activities.

TEAM SAN JOSE

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (continued): The Organization has adopted ASC 740-10-25, *Recognition of Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in the Organization's financial statements in accordance with ASC 740-10-25 and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC 740-10-25 also provides guidance on derecognition and measurement of a tax position taken or expected to be taken in a tax return.

The Organization files income tax returns in the U.S. federal jurisdiction and the state of California. The Organization's federal income tax returns for the tax years 2009 and forward remain subject to examination by the Internal Revenue Service. The Organization's California income tax returns for the tax years 2008 and forward remain subject to examination by the Franchise Tax Board.

The Organization did not have unrecognized tax benefits as of June 30, 2013 and does not expect this to change significantly over the next 12 months. In connection with the adoption of ASC 740-10-25, the Organization will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of June 30, 2013, the Organization believes that there is no interest or penalty to accrue related to uncertain tax positions.

Advertising: Advertising expense consists of collateral, brochures, promotional materials and special promotions. The Organization follows the policy of charging the costs of advertising to expense as incurred. Advertising expense was \$586,024 and \$314,723 for the years ended June 30, 2013 and 2012, respectively.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification: Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation of the current year financial statements.

Subsequent Events: ASC 85-10-05, *Subsequent Events*, requires additional disclosure for events or transactions that occur after the balance sheet date. The Organization has no material subsequent events as of February 26, 2014. The Organization has not evaluated subsequent events after this date in the statements presented.

NOTE G - FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

TEAM SAN JOSE

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013:

Money market funds: Valued at quoted prices in active markets for identical assets as of June 30, 2013 and 2012.

Certificates of deposit: Valued at the deposit account balance as no discounts for credit quality or liquidity were determined to be applicable.

Partnership interest in TSJ Events, LLC: Valued at cost as of June 30, 2013 and 2012 which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of June 30, 2013.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 457,233	\$ -	\$ -	\$ 457,233
Partnership interest in TSJ Events, LLC	<u>-</u>	<u>-</u>	<u>5,000</u>	<u>5,000</u>
	<u>\$ 457,233</u>	<u>\$ -</u>	<u>\$ 5,000</u>	<u>\$ 462,233</u>

The Organization's level 3 assets for the year ended June 30, 2013 did not change from the balance at June 30, 2012.

For the year ended June 30, 2013, transfers out of Level 2 were made as a result of sales of certificates of deposit subsequently deposited into money market fund accounts.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of June 30, 2012.
